Subject Streams in Barry County

I strongly object to DNR exempting Little Flat Creek, South Fork Capps Creek and Carney Creek all in Barry County Missouri from adhering to the state bacteria standards. Many of my family members swim and wade in these creeks.

If the streams are exempted, sewer agencies and other facilities will be allowed to continue to release bacteria-laden water into it. Sewage that has not been disinfected may contain viruses, parasites and other pathogens that can make people sick with ear infections, typhoid fever, hepatitis, gastroenteritis, dysentery and other illnesses. Pathogens such as fecal coliform and e.coli bacteria are indicators of poor water quality and contamination with human waste. Water with elevated levels of these pathogens are unsafe for swimming or for children to play in.

Thank you,

15 members of the Sweeney family

Stream Usage Survey

1. Stream Name (Please enter the full name)

2. County (Please enter the county or counties where the use occurs)

3. City or Town (Please enter city or town closest to the area of use)

4. Where do you use the stream? If use occurs in multiple locations, please list them all below. (Please be specific so the location can be identified on a map, e.g., 9th Street Bridge, Anytown City Park, Quarter Section-Township-Range, Latitude/Longitude, etc).

5. Have you or your family personally used the stream at this site(s) for recreation since Nov. 28, 1975?
☒ Yes If Yes, go to Question #6 ☐ No If No, go to Question #11

6. Have you or your family personally used the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:
☐ Swimming ☒ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing

7. How many times per year have you or your family personally used the stream for these activities?

8. Have you or your family personally used the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:
☐ Fishing ☒ Wading ☐ Boating ☐ Trapping

9. How many times per year have you or your family personally used the stream for these activities?

10. How many of these times did children wade or play in the stream?

11. Have you observed or heard of others using the stream at this site(s) for recreation since Nov. 28, 1975?
☒ Yes If Yes, go to Question #12 ☐ No If No, go to Question #17

12. Have you observed or heard of others using the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:
☒ Swimming ☐ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing

13. How many times per year have you observed or heard of others using the stream for these activities?

14. Have you observed or heard of others using the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:
☒ Fishing ☐ Wading ☐ Boating ☐ Trapping

15. How many times per year have you observed or heard of others using the stream for these activities?

16. How many of these times did you observe or hear of children wading or playing in the stream?

17. Do you have additional comments you would like to provide the department regarding this stream?

18. In the event the department has questions, please provide the following contact information:

Subject Re: your comments on UAAs in Barry Co

Ms. Peery,

That is fine, I'm sorry I wasn't more specific in my directions.

Little Flat Creek:

near Farm Road 1135, just south of 2060

South Fork Capps Creek: Two places,

Farm Road 2040 to the west of 97 Highway

Farm Road 2050 to the east of 97 Highway

Carney Creek:

Farm Road 2120

Thank you,

Beverly Sweeney

Subject: Fw: your comments on UAAs in Barry Co

Ms. Sweeney,

I apologize for this second e-mail, but I need the same type of information for South Fork Capps Creek as I asked for below. Again, you only gave the location of "southwest of Monett".

Thanks again,

Anne Peery

Subject Re: your comments on UAAs in Barry Co

Ms. Sweeney,

We are reviewing all the comments we have received telling us how Missouri citizens use their creeks and I am trying to pin down exactly where swimming and wading, etc., occur.

Regarding the Stream Usage Surveys that you submitted for streams in Barry County, the locational information you provided does not pinpoint where you actually use (or have observed others using) the creeks. Could you send me more specific information, please, for Carney Creek (you stated "southwest of Crane"). A road crossing would be good (like FR 2120) or "500 yards upstream from the mouth" or some such description. Same for Little Flat Creek, where you gave "northwest of Purdy". If you'd rather make a map (on Google or CARES) and mark it and send it in, that would be fine, too.

Thank you for your comments and your help,

Anne Peery

AdditionalComments:	As President of the Jolly Mill Park Board of directors, our board has entered a letter of concern regarding this stream into our minutes. Because of the close location to Jolly Mill and the extensive use of this body of water by adults and children, removal of the PDF certification for this stream is of grave concern.
